GOALS 2025-2026

Ensuring high levels of learning for EVERY student.

We do what is best for students so they can ACHIEVE, BELONG and CONTRIBUTE.

Achieve

We will have increased academic achievement and rigor as evidenced by:

- Increased proficiency (3-5%) and growth in all contents
- Increased number of students reading on grade level.

Belong

We will increase social and emotional resilience and prosocial behaviors in our students through the effective use of Thunderbolt Life cards.

Contribute

We will incorporate strategies that increase engagement (feedback, vocabulary) and self-efficacy for all students.
